## Who am I?

I'm Ahmed Aloush, a passionate Full Stack Developer and Creative Coder with a strong focus on creating elegant, efficient, and user-friendly applications.

With expertise in both frontend and backend technologies, I bring ideas to life through clean code and innovative solutions. My approach combines technical excellence with creative problem-solving.

I'm constantly learning and exploring new technologies to stay at the cutting edge of web development and deliver the best possible solutions for my clients.
